

Preventative Maintenance Checklist

Lawn Mowers/High Wheel Trimmers

ONLY APPLIES TO CUSTOMERS WHO PURCHASED AN MA BEFORE RA'S BECAME AVAILABLE.

- Inspect mower/high wheel trimmers housing.
- Tune engine; check carburetor, spark plug and battery. Clean and inspect air filter and change oil.
- Inspect drive mechanisms as necessary on self-propelled mowers.
- Inspect cutting blade on rotary mower.
- Lubricate moving parts, pivot points and cables.
- Test overall operation of the lawn mower and ensure that all safety features are fully operational at the time of service.

Riding Mowers/Tractors

ONLY APPLIES TO CUSTOMERS WHO PURCHASED AN MA BEFORE RA'S BECAME AVAILABLE.

- Tune engine; check ignition, carburetor, battery, throttle and choke controls. Clean engine cooling fins, clean or replace air filter and change oil.
- Check and adjust tire pressure.
- Lubricate moving parts, steering and linkage.
- Check electrical systems and clean battery terminals.
- Replace cutting blades if needed.
- Check and adjust clutch and brakes.

- Test overall operation of equipment and ensure that all safety features are fully operational at the time of service (including brakes and cutting mechanism).

Outdoor Gas Grills

ONLY APPLIES TO CUSTOMERS WHO PURCHASED AN MA BEFORE RA'S BECAME AVAILABLE.

- Clean and inspect burners for corrosion. Repair or replace as necessary .
- Inspect gas lines, fittings and connections. Repair or replace as necessary.
- Test spark igniter system.
- Inspect, brackets, hinges, glass, and/or attached accessories for wear or damage.
- Test fire burner and adjust air mixture if necessary.

Tillers

ONLY APPLIES TO CUSTOMERS WHO PURCHASED AN MA BEFORE RA'S BECAME AVAILABLE.

- Tune engine; check ignition, carburetor, battery. Clean and inspect air filter. Change oil.
- Lubricate moving parts, pivot points and cables.
- Check tires inflation.
- Inspect, adjust or replace all belts and chains as needed.
- Test overall operation of equipment and ensure that all safety features are fully operational at the time of service.

Preventative Maintenance Checklist

Chain Saw

ONLY APPLIES TO CUSTOMERS WHO PURCHASED AN MA BEFORE RA'S BECAME AVAILABLE.

- ❑ Test ignition system; repair as necessary (gas).
- ❑ Check and replace spark plug (gas).
- ❑ Check recoil starter for proper operation (gas).
- ❑ Check and adjust carburetor (gas).
- ❑ Check and clean air filter (gas).
- ❑ Check oiling system (gas/electric).
- ❑ Check drive sprockets for wear (gas/electric).
- ❑ Check and sharpen or replace chain if needed (gas/electric).
- ❑ Test overall operation of chainsaw and ensure that all safety features are fully operational at the time of service.

Snow Thrower

ONLY APPLIES TO CUSTOMERS WHO PURCHASED AN MA BEFORE RA'S BECAME AVAILABLE.

- ❑ Tune engine; check ignition system, carburetor, battery, throttle and choke controls. Clean engine cooling fins, clean and inspect air filter. Change oil.
- ❑ Check manual starter and electric starter if so equipped.
- ❑ Lubricate moving parts; pivot points, cables, auger shaft and drive plate zerk.

- ❑ Lubricate, inspect, adjust or replace as needed, all drive belts and/or chains as applicable.
- ❑ Test overall operation of equipment and ensure that all safety features are fully operational at the time of service.

Edgers, Line Trimmers, and Blowers

ONLY APPLIES TO CUSTOMERS WHO PURCHASED AN MA BEFORE RA'S BECAME AVAILABLE.

- ❑ Tune engine; check ignition, carburetor, battery, throttle and choke controls.
- ❑ Clean engine cooling fins, clean and inspect air filter and change oil.
- ❑ Check and replace spark plug (gas)
- ❑ Check recoil starter for proper operation
- ❑ Lubricate moving parts and pivot points.
- ❑ Test overall operation of equipment and ensure that all safety features are fully operational at the time of service.
